"Five Year Plan"

by D.R.I

I lose You win

I lose you win

I lose you win

I lose again

But youre on my five year plan

Your time will come

When you least expect it, expect it!!

The Five Year Plan

You fucked me over

You did me wrong

You know why

I wrote this song

(chorus)

Until then I'll just pretend

That you are still my friend

But in the end your time will come

When you least expect it ,expect it

(chorus)

I don't forget so easily

No, I'm not so quick to forget

(chorus)

I hold a grudge

I live for revenge

(chorus)

I win you lose

I win!!
