Shredded torment, holy I'll repent
Unfaithful servants, spreading decadence
All who suffer the pain of time
All who fought are dead of dying

You won't be in life or death
Eternity awaits, gasp for last breath

Breeding hatred, educated violence

Slaughtering babies, revival of Hades
Omenizing antichrist, bearing a false crown
Fore told Armageddon shall bring us all down

Holy parasites try to silence the child of night
So if you believe, we are the children of disease
