Life has ended
My journey begins
Soul left to wander
Dead body behind

My rotting carcass
So still and so cold
Mortician awaits
To lay me in my
Steel .. death .. bed

My deadtime story
Of an autopsy
Cuts and incisions
Brutally told

My rotting carcass

So still and so cold
Mortician awaits
To lay me in my
Steel .. death .. bed

Silence
Eternal everlasting
Light
Never seen again

My rotting carcass
So still and so cold
Mortician awaits
To lay me in my
Steel .. death .. bed
