At this point in my life, after all we've been through
I can't see myself, living without you
For you to just walk away, without having anything to
say
It breaks my heart, I can't make it through the day
If you ever really loved me and everything you said
was true
I need you to show me cause
I need you

Chorus:
If ever (if ever i needed)
I needed (if ever i needed)
You surely I do need you now (surely I need you now)
If ever (if ever I needed)
I needed (if ever I needed)
You surely I do need you now (surely I do need you
now)

Just like I need the air to breathe
Just like the birds need the trees
I need you here, to say you'll never leave
Just like the day needs the night
I need you as my guiding light
You're all I need, in my life
Cause with you I can do anything
Yes, anything with you
I really need you, I need you

Chorus (2x)
If ever (if ever)
I needed (I needed)
You surely I do need you now (surely I need you now)
If ever (if ever I needed)
I needed (if ever I needed)
You surely I do need you now

If ever I needed, you to love, you know that I do, you
know that I do
I need ya, I sure do, I sure do need you now
You said you'd never leave me, you said you'd never

go away

And I need you right now, I need you, I need you, I
need you now

If ever I needed you

If ever I needed you

Sure do need you now

If ever I needed you

If ever I needed you

Sure do need you now (repeat til fade)
