(wooo ooo ooohÂ...)  
Bad girls you make it feel fine  
(woohoh oh)  
Bad girls, bad girls, bad girls  
We make it get high  
(woohoh oh)  
Bad girls, bad girls

I know my way of my babylon  
All demons know, my booty show  
Girl dress to kill IÂ'm hell on heels  
So come with me, weÂ'll go oh  
Sometimes I feel IÂ'm close to explode  
Sometmes I feel like never grow old  
Sometimes I feel I have to go on  
Bad girls you make it feel fine  
(woohoh oh)  
Bad girls, bad girls, bad girls  
We make it get high  
(woohoh oh)  
Bad girls, bad girls  
When the sun is gone youÂ'll never be true  
When blood runs has to come never for rule  
I bring the revolution  
I'm rock'n'roll solution

I sap your bliss  
Come suck my kiss  
In the name of love  
Come to me please  
Beep beep big boy I'm hiren on  
So come with me  
WeÂ'll go oh  
Sometimes I feel IÂ'm close to explode  
Sometmes I feel like never grow old  
Sometimes I feel I have to go on

Bad girls you make it feel fine  
(woohoh oh)  
Bad girls, bad girls, bad girls  
We make it get high  
(woohoh oh)

Bad girls, bad girls  
When the sun is gone you'll never be true  
When blood runs has to come never for rule  
I bring the revolution  
I'm rock'n'roll solution  
Dirty sex, fire  
It's getting higher  
Dirty sex, fire  
There's no way to hide it  
If you're waiting  
There no way to run out  
if you shake it  
Burning, burning, burning life  
Burning, burning, burning life

(ooo oohooo...)

Bad girls you make it feel fine  
(oohoh oh)  
Bad girls, bad girls, bad girls  
We make it get high  
(oohoh oh)  
Bad girls, bad girls  
When the sun is gone you'll never be true  
When blood runs has to come never for rule  
I bring the revolution  
I'm rock'n'roll solution
