There's a time when I try to find that answer
Sometime a thing seem to be so complicated
I should've bent, bent all of my promise
Done, done all of my fears
Now I'm not afraid
Of this weaken days
My love is in my head

And I know
I am on my way again
And I know
I can feel it in the air
And I know, know, know
I am on my way again
And I know
I can feel it in the air

There's a time when I walk
Slowly on the edge
I looked down and I saw
Something very strange
I saw boys, girls
Dancing so crazy
The rhyme done
It was so amazing
Now I see what is
To be really strong
My love is in my head

And I know
I am on my way again
And I know
I can feel it in the air
And I know, know, know
I am on my way again
And I know
I can feel it in the air

Understand, what this sword wears to
Understand, and the towns will come to you
Under stair

(Guitar solo)

And I know
I am on my way again
And I know
I can feel it in the air
And I know, know, know
I am on my way again
And I know
I can feel it in the air
I can feel it in the air
