[Chorus - Def Manic]

I do this when I don't know where my faith is at,  
You wanna get back, but can't see the impact,  
Gotta accomplish something in due time,  
Before the end of society shows its first sign,  
I ain't finished with the message I'm spitting just yet,  
We gotta kill your struggle but repay your debt,  
It's clear everything is vastly approaching it,  
The end of order with the presidents hit.

[Verse 1 - Def Manic]

The children that face despair aren't treated equal,  
It's blatantly obvious you don't care for these  
people,  
Like those of you who have hatred to spread,  
And the poor who pray to God for some bread,  
The rib cages you witness of the children of the  
country,  
Are like a cell where the innocents feel like monkeys,  
It's like psychological torture where there is no hope,  
Inside a mental whirlpool where you're made to float,  
Getting dragged from the core of hell onto a boat,  
Be weary but not sensitive of what i wrote,  
On another note, jealousy's a women's trait,  
That's why all you haters can't contemplate,  
That i don't give a f\*\*k what you see in your eyes,  
Because while you talking shit, we living this lie,  
I hope one day to make it to my fullest extent,  
I'm oblivious to hatred while i attempt to repent,  
This is wise words from an angel who descends.

[Def Manic]

[Chorus 2x]

I do this when I don't know where my faith is at,  
You wanna get back, but can't see the impact,  
Gotta accomplish something in due time,  
Before the end of society shows its first sign,  
I ain't finished with the message I'm spitting just yet,  
We gotta kill your struggle but repay your debt,

It's clear everything is vastly approaching it,  
The end of order with the presidents hit.

[Verse 2 - Def Manic]

We had enough of listening to condescending ones,  
Hatred is reflected upon by knives and guns,  
It's a new concept to our average lives,  
Like racism towards those who have several wives,  
We are entitled to our own opinions each day,  
But I'm still praying to god with nothing to say,  
We're progressively brainwashed by the media,  
Can't you see that humanity has become greedier?  
And our own children are becoming needier,  
Hasn't history taught you anything about truth?  
That nothing is considered without any proof,  
And that justice is a fake system of rules,  
That teaches misconception at our schools,  
I never did appreciate fools around me,  
Like when you live normally after tsunami,  
You plant bombs and burn down your local churches,  
Penetrating the idea of faith like conceiving virgins,

[Def Manic]

[Chorus 2x]

I do this when I don't know where my faith is at,  
You wanna' get back, but can't see the impact,  
Gotta accomplish something in due time,  
Before the end of society shows its first sign,  
I ain't finished with the message I'm spitting just yet,  
We gotta kill your struggle but repay your debt,  
It's clear everything is vastly approaching it,  
The end of order with the presidents hit.
