[Verse 1]

1, 2 and just holding back when I really gotta let it go,
Saw a chance to blow but she ain't never know,
They just praying never will amount to shit,
I told them once I don't ever fucken pistol whip,
Cause I ain't in that kinda life,
I'm white so I gotta fight for my right to fit in with this
genre,
And this is what I think is really fucked up meditating
with no wonder, damn
Never let me grow artistically and it's all right, Deprived
creativity during the night, fuck it all
It's monkey see monkey do this year,
Young hearts be brave never ever fear,
They always say the best things in life are free,
So Ima look out for a girl who's sexy and has sex easily,
So I dunno how to say this Mrs Jada Fire,
I just wanna fuck you before I retire.

[Chorus - Angie Stone]

[Verse 2]

Check 1, 2 and Ima
Eat, play, work you're too good to be true and,
Look at me now but you acting real foolish,
Ima beast unleashed that's rare,
A feast with peace that rips and tears every single
organ that you got,
Too hungry and determined to be at the top,
Keep saying it's your year man and you holding it
down,
Haven't seen you do any shows around town,
Life giving me lemons so I just gotta sell em',
And then get em back, make something of myself
really, Come back next year, smile for my haters in
Philly,
Damn I'm too willing, bit more then yesterday,
Say hello to a bitch but it's a different maid,
Never self made, rock n roll sage,
Be inspired like the man Heavy D said,

So I sit back turn up this preset,
By age 30 i could be dead,
Gotta laugh, live, love, keep it all above.

[Chorus - Angie Stone]
