I'll be around

[Verse 1]

Bitches wanna chase cause they know I be around,  
I don't give a fuck, bumping that underground,  
We gotta stay together, never really gonna  
discriminate,  
Takes too much energy just to sit there and hate,  
I just wanna vacate, this little premises,  
Trespassing but I need that Sega Genesis,  
And i feel like I'm back in 92 and 3,  
Everybody wanna tell me what Ima really be,  
But man they don't know jack, they don't really  
know rap,  
Gotta be unique just to make a lil money on the side,  
Bitch really wanna come back and ride or die,  
But I'm sick to death, of the internet,  
Better come correct, if you want respect,  
We goodfellas with weed bumping that currency,  
Man we got good company in my crew,  
It's all funny when I come back right to you,  
Other week watched a movie and she cried,  
Couldn't understand why the lil boy had to die,  
It made me realize life's a lil trip like that,  
One minute you're here, the next dirt's on your  
back,  
And it's fucked up how long this music takes,  
Could be 5 years before I really make some cake,  
But no matter what I'll still stick with it,  
Travel 20,000 miles just to give up on it,  
I'll be around.

[Chorus]

[Verse 2]

Chilling back stage damn right on my tour,  
With B.o.B. man just couldn't afford,  
To buy my own food so I ate at the back,  
Competitive as fuck, so I do some laps,

Just to climb up with the ladder of success  
And the best with stress,  
This bitch bad, man she thick as fuck,  
Teasing with them pictures of her face and butt,  
Really tried to smash but she just wouldn't fuck,  
Going back and forth, man this relationship stuff,  
She's too complex I'm just a simple man,  
Nothing more important than the Mulla damn,  
So i pull up at this party on the block,  
This young dude sitting down just movin' some  
rock,  
Nah, I just smoked some fucked up weed,  
Made me hallucinate, vomit and then just bleed,  
Couldn't even get it up just to go smash this chick,  
First impressions gone now she just want me to lick,  
On another note look how I did my bid,  
Funny how he fucked her and now she just rich,  
Just a silly dude now with a silly bitch,  
Lil kids don't know better, buy that shit,  
And they go around their friends acting it,  
And it's fucked up, how we gone live like this?  
She still texting me and I just wanna hit,  
So I'll be around

[Chorus]
