[Chorus]

[Verse 1]

Now they gotta,
Tell me again and again that I ain't ever been lyrically
built for this,
Just go to school and work hard and then go and do
some other shit,
Really needa step outta this 9-5 cycle,
It's like a recycle of life over and over again,
I don't really even need a friend in it,
Nas said sky's the limit,
So Ima just fly and go get it,
Fuck it's a go getter move,
Just wanna be able to get some food,
In my tummy it's funny and I don't even know,
damn
What the fuck am I saying it's going back round,
Got a low budget keep pressing on the background,
And Ima tell you now I don't ever back down,
Just wanna be proven artistically as the greatest,
And they wanna press on like the fakest,
And they break us, and everything else
I don't give a fuck tho,
As long as my voice is perfect with a tight flow, Then im
happy,
Music will never ever uncap me

[Chorus]

[Verse 2]

I told you that they only give a fuck in actuality, Fuck
with the baddest bitches that wanna move up
gradually,
I stood there fragiley, waiting for my move like,
Look what the fuck we had to be,
Look what he had to see,
Don't really mess with college just wanna work till I
fall,
Misunderstood they want me to leave the house some
more,

Never been called a loser till my Dad thought he made
one,
So I stepped on my grave call me the brave one,
Damn son,
Gotta find motivation in some places and some
speeches,
Smoke a lil kush and I'm seeing creatures with all
features and all angles wondering what the fuck else
did they,
Offer other then finance,
I guess I lost my chance again and again at the end of
the day,
So I said it, embed it, did it better then those who get it,
They would break the stone while I pull out the sword
bitch

[Chorus]
