[Verse 1]

Man what happened to us? We used to be so good,  
I took you out one night and you loved my world  
I treat you like a queen and you fucked it up,  
Times are changing, you better just switch it up,  
Cause everybody got their thing that they wanna do,  
I sit back now, can't see myself with you  
Damn, trust me a couple dates really were cool,  
But then you fucked up later, try act a fool,  
Bitch really tried to play me with another dude,  
Manic never play that shit I'm just way too rude, but  
Fuck that, bust that, switch it up,  
Came back and I never ever gave it up,  
Just couldn't resist your nice lips,  
I'm sick of this, you loving my dick,  
Gotta respect this shit,  
But you a hoe, just go, giving up on me  
Now I got time making it comfortably,  
Just never forget the things we did together,  
Like when we fucked under all that beautiful weather.

[Chorus x2]

Isley Brothers

[verse 2]

Man I won't lie, I liked you a lot,  
But then you came back took me to the spot,  
Only realize that you never really cared,  
Damn it's unfair and Ima keep it right,  
In the middle of the night, got a riddle at sight,  
But fuck that, im loving you from the back  
Them heels, them lips and that fat ass,  
Is enough to get me back real fast and Ima run,  
Tease me when your big ass titties hung,  
Two titties and a heartbeat is all your are,  
Let's make a video I'll make you a superstar  
Promising to never ever let you down again,  
Just never look at me again just as a friend  
Now I live my life with no damn regrets,

We never had sex so we could never really connect,  
And I can't respect, everything you've done to me,  
This is fucked up, why can't it be?  
But you still a superstar and that's all I ever need  
Leave me breathless bitch but I can still breathe.

[Chorus x2]
