(Pre Hook)

I'm lookin for my dream girl...
Hey could you be my dream girl?
Or are you just in my dreams girl...

(Verse 1: D-Mac)

I thought my girl was a keeper but really she was a
cheater cant believe that I believed her when she lied
to me
took her back when she cried to me, was a sucker for
tears
but that would change through the years
And i admit it, us splitting caused me to treat women
different
Cause I dont think any are any different
So why is it, im feelin
a change of heart sort of like the show
even though I dealt with false alarms in life before,
somehow I know
That you aint nothin like that chick I had in senior high
or in college when my life was slowly breezing by
I daydream about you no joking
running with arms open to ya in slow motion, yeah
Be like Alicia and Usher I call you my boo
aint put a ring on it yet but yeah Im tryin to
You fine of a kind a dime times 2
too bad I gotta close my eyes to find you, my dream
girl

(Chorus: Tyra B)

I can be the one that you run to
and baby there is nothing I wont do
I could love you better, than anybody ever could
I wanna be your dream come true
Always keep it tight just for you
Cook dinner everytime that you come through
I could love you better, than anybody ever could
I wanna be your dream come true

(Verse 2: D-Mac)

My dream girl like J.Hud or Beyonce
the one I give a ring and everyday love her fiance'

eventually, get married if its meant to be
man im hell bent to see if you were heaven sent to me
After a long day aint nothing like a cooked meal
before bed you show me how that good good feel
make me wings on NFL sunday
random dates and you the one that pay, I like that
buying lingerie alot to keep it sexy for me
throughout the day I check my phone and see you text
you love me
and you aint, wasting ya time playing games with them
lames
near or far you hold me down the same
and when it rains you dont complain you stand next to
me
thats loyalty baby the perfect recipe
especially cuz you believe that when the sun shines
we'll shine too
too bad I gotta close my eyes to find you .. my dream
girl

(Chorus: Tyra B)

I can be the one that you run to
and baby there is nothing I wont do
I could love you better, than anybody ever could
I wanna be your dream come true
Always keep it tight just for you
Cook dinner everytime that you come through
I could love you better, than anybody ever could
I wanna be your dream come true

(Verse 3: D-Mac)

Country girl cookin, island girl sex
city girl swagger, damn girl you the best
and god bless that bottom pokin up outta that dress
love how your nails never look like no one else
You say that hair is all yours? let me see for myself
Run my fingers through it, before we get into it
When Im outta town from the different shit I'm doin
you skype and twerk for me, just like the strippers do it
all i need is commitment and submittance
a woman whos independent and promise an honest
friendship
No deception for any feeling protection
tell the truth about your wrongs we'll work it out and
correct it
and choose your friends wisely..no bad influences
justifying things when you shouldnt be doin shit
keep me in your heart and on your mind too
Too bad I gotta close my eyes to find you.. my dream
girl

(Pre Hook: D-Mac)
