(Talking): yeah.. And this ones dedicated to.
. You.. You.. You... And you.. And you over there

(Verse 1):

Okay.. So I figured that until the day world end...
I would go ahead and make u be my girlfriend
And eventually fiance', since you oh oh oh'n like
beyonce
Ha, I guess ill put a ring on it
Sounds like a whole lot more than a fling don't it?
Tiffanys size 6 lil bling on it
U don't gotta model act or get tracks and sing on it
Be a plain jane and still be my main dame
As long as honesty is the quality maintained
We might, not agree on everything so we fight
And we fuss but trust we make up by the end of the
night that's a must
Cuz it aint even fair how you tempt me, ill be there in a
jiffy
With the lube for a quickie
Neck full of hickies whenever we make love
I'll be here tomorrow if you lost it all today cuz you
know....

(Chorus):

[You don't have to be a star]
cuz you one to me
Everybody knows that you the one for me
Its apparent everyone can see, what you've done to me
and
[You don't have to be a star]
No way, I told you that from the start
That you, the only girl I ever want in my heart
And I won't let nobody tear us apart, baby girl come on

(Verse 2):

One of a kind baby girl so fine
she's my joy you aint gotta guess the coin she a dime
She aint like them other women she's the lemon to my
lime

So I ronnie romance her little dinner little wine
I'm all over her as soon as she throws a sign
Make her feel it in her spine till she hollers its mine
And I know that that's a line, girls use all the time
But I don't think she lyin
If I'm in denial so be it
She shows me vicki's secret, and yall don't get to see it
And its alotta things that she does that I don't agree
with
But she says she loves me, and I know she means it,
peep it
Yall don't understand it, I don't take it for granted
She Make a average joe feel like the man on campus
Got me thinkin bout car seats and pampers
If you ever wondered here's your answer..

(Chorus):

[You don't have to be a star]
cuz you one to me
Everybody knows that you the one for me
Its apparent everyone can see, what you've done to me
and
[You don't have to be a star]
No way, I told you that from the start
That you, the only girl I ever want in my heart
And I won't let nobody tear us apart, baby girl come on

(Verse 3):

We aint gotta see the world, and vacate the tropics
She aint gotta be one of the twitter trending topics
She aint gotta be on ya Myspace, top 8
Or ya facebook friend to be my hot date
Aint gotta ever make one blog or mag cover
To meet my mother introduced as my lover
I can google ya name and not find one thing
And that finger by that pinky can still get that ring
Still number 1 by far, aint gotta be a star, to be my star

Ending:

[You don't have to be a star]
