[Verse 1: D-Mac]

Ay I'm no dog, I ain't trying to be slick
More like a frog, trying to be yo prince
So come give me a kiss... after giving me a hug
Come get yo fix, my loves a drug
Yeah it's girls in the club
But they ain't nothing like you, you, you
And I'll be to yo rescue all I need for you to do is
come give me the que, que, que
And I'll be there... yea
I'll be right here... tell me how you feel... talk to me baby

[Verse 2: Bucie]

Hello
I've been hurt so many times
It got to a point
When I decided
I can't do this any more
I need someone to hold me
I need someone that needs me
I need someone that loves me

[Chorus: Bucie & D-Mac]

Can you be my superman?
(Baby yes I can superman oh baby yes I am,
come save the day baby that's my plan I just need to
you take my hand)
Can you be my superman? (baby yes I can superman
oh
baby yes I am, come save the day baby that's my plan
I just need to you take my hand)
Will you be my superman? (Superman I'll be your
superman)
Will you be my superman? (Superman I'll be your
superman)

Superman [x4]

[Verse 3: D-Mac]

Superman that's who I am, let me tell you bout the
kinda dude I am

Pull chairs, open doors, yeah I do what I can
All depends on the mood I am, in
Let me start as your friend, then work you out be your
personal gym
Far from him and I'm far from them
Tell your girls when you down you can call on him
Him is me, m-a-c, face should be the cover of a m-a-g
Making all these other fellas m-a-d
Pimp hard like ball and m-j-g
But I'm hoping that you that...
I ain't trying to be on that...
One shot won't blow that...
Now turn my jersey to a throw back, back, back, back

[Verse 4: Bucie]

You know, we don't have to be dramatic
Just romantic
Do all the little things
That excites me
As your woman
Give me a kiss goodnight
Over the phone
When you working late
When you're out of town
Tell me how much you need it
Cause we deserve it
We can be together

[Chorus: Bucie & D-Mac]

Can you be my superman?
(Baby yes I can superman oh baby yes I am,
come save the day baby that's my plan I just need to
you take my hand)
Can you be my superman? (baby yes I can superman
oh
baby yes I am, come save the day baby that's my plan
I just need to you take my hand)
Will you be my superman? (Superman I'll be your
superman)
Will you be my superman? (Superman I'll be your
superman)

[Talking: Bucie]

When I think of you... you make me smile
And I can't help but to hope that this will work
I feel like you were made for me
You just, too perfect
And the funny thing is... I just can't control myself
I never that I could be with anyone else
Until you came into my life
And you showed me there is love

And I think I love
That's too soon ha ha ha
