I need Amelia
Come and get one for yourself
Get your money out and pay
They're individual
Tailor made to suit your needs
Get your money out and pay
Said I want to understand you
This one's not you
I see through the way you think
A personality that'll cost you extra ma'am
Those things, they don't grow on trees
But I can work with you
I can change to suit your needs
Anything you need from me
Said I want to understand you
This one's not you
I see through you
If I want to I could lie to you
But I don't need to
Cos I can pay for what you are
