Long tooth setting sun tonight
I am a bird
I like to fly cos I can't walk
I like to sleep cos I can't dream
If nobody knows
Then no one's around to see the crash
But no one can tell the story right
Long tooth setting sun tonight
Is this a dream
Is this a place where I can't wake
Am I a fragment of myself
Nobody knows us
Nobody knows us, where are we
Where is your body when we sleep
Be careful where you lie
Be careful with a
Long tooth setting sun tonight
Hey buddy, help me where you can
We all fall down, cos we're all fucked up
I'm still falling, can't you help me
