Many miles have come between us  
Anybody knows  
This old man could not deceive us  
If we let it show

See I believe youÂ're on your own  
Well I believe thereÂ's no one home  
Well I believe youÂ're on your own  
Well I believe thereÂ's no one home

Many nights have passed between us  
Anybody knows  
All this time and dust between us  
Just donÂ't let it show

See I believe youÂ're on your own  
Well I believe thereÂ's no one home  
Well I believe youÂ're on your own  
Well I believe thereÂ's no one home
