Searching for the answers  
But we've lost our way  
No one ever stops to hear what  
You've got to say  
I'm locked inside of you  
Let me out  
Trapped in the vision of  
What there about  
Looking for a reason  
That will never be  
I am not the person, that you think you see  
There's something wrong here  
There's no doubt  
You're like a blind man  
Can't see our  
If he can't hear, he must feel  
If he can't feel, he must see  
If he can't hear, he must feel  
And if he can't see you  
Feel the need in me  
Feel the need in me  
Feel the need in me  
Walking through a shallow empty word of doubt  
I'm in the picture now  
But you want me out  
There's something strong here  
You don't see  
You've gone too far now  
So empty  
If he can't hear, he must feel  
If he can't feel, he must see  
If he can't hear, he must feel  
And if he can't see you  
Feel the need in me  
If he can't hear, he must feel  
If he can't feel, he must see  
If he can't hear, he must feel  
And if he can't see you  
Feel the need in me  
Feel the need in me  
Feel the need in me  
If he can't hear, he must feel

If he can't feel, he must see  
If he can't hear, he must feel  
And if he can't see you  
Feel the need in me  
Feel the need in me  
Feel the need in me
