Lay down explain to me from the start,  
Just how your life is falling apart,  
Because you and me Mr.Green  
have different points of view upon the world and our  
reality,  
Oh oh, how do i explain,  
I can't stop faking that i think everything is okay,

And perfectly fine,  
Cause the things i see on MTV It really makes me Sing  
along in my head,  
The wonderful lies,  
When reality is boring me i change the channel And  
sing along in my head,

It's quite unhealthy wouldnt you say,  
How far your mind is drifting away,  
But I love seeing things like Infomercial heroes selling  
sex toys to twelve year olds  
Oh oh, it makes me believe,  
I'm better off faking that i think everything is okay

And perfectly fine,  
Cause the things i see on MTV It really makes me Sing  
along in my head,  
The wonderful lies,  
When reality is boring me i change the channel And  
sing along in my head,

I honestly think,  
You need to be cured,  
To open your eyes and take part in the world, (x2)

Oh sweet psychiatry,  
Has told me what to see,

But i won't fold under pressure, and i will never answer  
the question, (x4)

In my world i wanna keep on smiling,  
even if it means to keep on lying,

Justice isn't true,  
And nothing is to gain for eyes so blue,  
Justice is a game,  
To make us all forget we're all to blame
