Tried to be just like rest of the girls  
but she hates normal life and she hates normal guys  
falls into love and she falls out of luck  
as she dreams of a world of  
her own

Hey Susie go  
You don't  
need them anymore  
Think of all  
the dreams you  
wanted to come  
true

Against opposition  
Shes packing her bags  
as she kisses  
her boyfriend  
she's going away

proves to be hard  
to  
ascend to a star  
in the meantime  
shes working  
the streets in the  
night

Wants to break free from  
the shackles the world  
has to  
offer a young girl alone by  
herself  
got to get hurt to  
remember the pain  
so go on pretty  
susie go on

Hey Susie don't  
cry  
And wipe those sad tears  
away

Hey Susie don't cry  
Just  
hold on one more day

You can't  
chase your dreams away  
But can  
you really turn them to  
reality

But can you really turn  
them into life
