I Blame My Heart

Words & Music by Frankie Vinci and Todd Bird

I can't control my emotions  
They've taken hold of me  
You always end up torn and broken  
And fallin' to your knees

Something about you that keeps pullin' me in  
There's no way around it, cause we're back again

Chorus

I blame my heart for hurting you  
I'm wrong for the pain I put you through  
I don't wanna crash and burn  
When will I ever learn?  
You'll never break free  
My heart blames this one on me

I didn't mean to leave you speechless  
Naked and alone  
Your world has crumbled into pieces  
But, you keep holdin' on

I don't understand you for wanting back in  
There's no way around it. We can't pretend

Chorus

Bridge

You've gotta move on with your life  
Leave it all behind  
There's nothing left to say  
Just turn and walk away

Chorus
