Buried, in water  
Sliced, a quarter  
Blood drip, a splashdown  
Heart stop, a shutdown  
Life, fading  
Forgiveness, waiting  
Life is death  
Death is life  
This is how I want to die  
This is life  
This is death  
This is how I want to die

Tablet, by oral  
Questioning, a moral  
Closed eyes, I tire  
Temperature, a fire  
Balance, a let down  
Death, a count down

Life is death  
Death is life  
This is how I want to die  
This is life  
This is death  
This is how I want to die
