Words & Music: Snider/Torme

She's Got A Look You Want To Know Better  
But Beware, You Better Forget Her  
She's Got Style And A Casual Grace  
But Her Smile Is All Over The Place  
If You Try To Get Her To Stay  
You'll Wake Up Alone The Very Next Day  
Made For Trouble  
Made To Please  
To Satisfy You She'll Go Down  
Made For Trouble  
Made To Please  
To Satisfy Her You'll Go Down  
Down On Your Knees  
Tell The Boy That The Lady's A Tiger  
Full Of Noise, Easy Laughs And A Liar  
Suck You In, Man, The Girl's A Seducer  
Once You're Got, She'll Just Turn You Loose  
If You Try To Push Her Away  
She's Back Twice As Hard The Very Next Day  
Made For Trouble  
Made To Please  
To Satisfy You She'll Go Down  
Made For Trouble  
Made To Please  
To Satisfy You She'll Go Down  
Down On Her Knees
