My Gothic Memories (Tabitha's Song)

By: David Angel

I walked down the
hall,
Knowing my misfortune,
I saw this one girl,
(Tabitha)
with a tone of
emotion
(Tabitha)

My heart,
(Tabitha)
it lifted,
it was a miracle,
(A
Miracle)
took me out of this dark spot,
(This Dark Spot)
and now im left
alone...
(Alone)
(Chorus)
can you see?

this is,
my gothic
memories...

can you see?

this is,
a tragedy...
and then i saw her
face again,
(Tabitha)
in the bus,
oh what a blessing,
i wish i sat next to
her,
to kiss her face,
and never her let go

Oh dreams went on and on,
I
wished I was with her
(I wished I was with my love)

Her lips just sunk in
me,
and now i wish this tragedy,
was gone,

this tragedy must leave me
alone...
(Alone...!)

leave me alone..
(Chorus)
can you see?

this
is,
my gothic memories
(My Gothic Memories)

can you see?

this is,
a
mystery

will you be,
with me for eternity?

please take these,
take
these gothic memories...

take away my gothic memories...
(take away my
gothic memories...)
take away my gothic memories...
(take away my gothic
memories...!)
