Fantasy is what you want  
Disappointments what ya get  
Oh, say it hurts so bad  
The whole rooms crying

Laughing is just a mockery  
Holden hands and shit like that  
Oh, say it hurts so bad  
Your not dying

Holding onto pieces of your heart

How were you when you were you  
Now not just some image you made up  
Oh caught you in the act  
You make your softness very tough

Guys like you are all the same  
Show me how your having fun  
Oh, say it hurts so bad  
When your laughing

When your jacking like a star  
Riding in your limousine  
Oh, never had a doubt  
Whats your problem

Lalalalaa

Oh, never hurt so bad
