"We Rot The Voodoo"

Visit "[We Rot The Voodoo](#)" on MotoLyrics.com

We rot the voodoo, for we do not fear
Spirit of power like mighty strong tower
As its lurking near

We block the voodoo, from great beyond
Phantom of darkness can't reach through this fortress
As we sing our song

Whoa oh oh oh oh oh ohh
We're death defying, so electrifying
We're rocking sound in our mind

We fought the voodoo, send shiver down spine
This devils deceiving while he's commandeering
The lights in the night sky

We rot your witchcraft, ya can't cast no spell
You will retire when we return fire
Gainst voodoo you thought worked so well
