shut up dont make a sound
you lay it all down
just to be around
but gods head wears a fruitless crown
and you still believe
me, i stopped
stood up to leave
preathepeace, nothing can stop this disasterpeice
if it is true
if he is real
then why is there only hate and never peace
will it never stop
fuck them all kill the whole lot
you say its all apart of his big plot
but it still doesnt stop

make it stop
make time freeze
stop it all just to breathe
grab it, peel, see underneath (course)
its a fucking fairytail
a creature made to makebelieve
just to make us feel demeaned
open your eyes fool see what i mean

its all ascam to get what they want
stop them right there
justlaugh and taunt
hes not even man
you wont understand
the lies that go through your head
it makes me sink
as if my heary was a lump of led
it aint real
the sound, the sight the way it feels
close it up, make the deal
sell yourself
pray, get down and kneel
its degrading isnt it
it makes me feel like a pile of shit

(course)

it aint real
this cant be happening
hear it, listen, there all laughing
they made a fool out of me
they made an enimey
throw it up make it lift
the peices are there but they dont fit
better get away from me
keep yor shit away from me

(coures)

its a farytail
just a fucking fary tail
