I'll let you know
All that's on my mind
It has, a little time
And I'll be sure
To tell you everything
I've been holding in, for so long
Oh yea yeah

Everyday thinking 'bout your face
I can't wait, to tell you the truth
(tell you the truth, yeah)
I figured out
Where this feeling is coming from
And my finger's pointing right at you
(oh you make me feel so good)

Chorus:
You make me feel like an angel inside
Something that I can't hide, no more
(that I can't hide, no more)
And if this feeling goes away
I would cry (I would cry)
If you wanna know why
(wanna know why)
Cause you make me feel good inside

Dream (puff daddy):
So what's the deal
What I feel is real
I don't have to say no more (let's go)
Just hold my hand
Say you understand
We can be together forever
Baby...

Puff dady : I like this part right here

Everyday thinking 'bout your face
(everyday I think about)
I can't wait, to tell you the truth
(wait to tell you the truth)
I figured out (oh yeah)

Where this feeling is coming from (yes I did)
And my finger's pointing right at you
(oh you make me feel so good)

Chorus:

You make me feel like an angel inside
(yes you do, yes you do)
Something that I can't hide, no more
(I don't wanna hide it anymore)
And if this feeling goes away
I would cry (I will if you)
If you wanna know why
Cause you make me feel good inside
(I wanna let you know)

I wanna let you know
What I feel right now (right now)
Everywhere you go
I just want to be around
(wanna be around)
If you only knew (if you knew)
What I think 'bout you (oh...)
Maybe then you'll see
(then you'll see)
You need me, baby need

Chorus:

You make me feel like an angel inside
(yes you do boy)
Something that I can't hide, no more
(can't hide it, I can't hide it)
And if this feeling goes away
I would cry (goes away)
If you wanna know why (wanna know why)
Cause you make me feel good inside
(you make me feel so good)

Dream [puff daddy]:

You make me feel like an angel inside
(yes you do)
Something that I can't hide, no more
(I just can't hide it no more)
And if this feeling goes away
I would cry [bad boy baby]
(no, no, no)
If you wanna know why
[dream, 2000]
Cause you make me feel good inside

You make me feel like an angel inside
Something that I can't hide, no more

(can't hide it, I can't hide it)
And if this feeling goes away I would cry
If you wanna know why...
