Mama's gonna bargain with the ol' cook pot  
Try to get more than what that bowler's got  
Don't trim no fat, pull potatoes from a box  
Mama's gonna bargain with the ol' cook pot

Mama's gonna water that gravy down  
Got to make enough to go around  
With five mouths to feed and Papa in the ground  
Mama's gonna water that gravy round

Well thank the Lord and sit up straight  
Mind your manners and clean your plate  
Don't ask for seconds, savour every drop  
Nothin' more comin' from that ol' cook pot

Mama's gonna bargain with the ol' cook pot  
Pray to the Maker, make the hunger stop  
And ask a little more than what we've got  
Mama's gonna bargain with the ol' cook pot

Well thank the Lord and sit up straight  
Mind your manners and clean your plate  
Don't ask for seconds, savour every drop  
Nothin' more comin', nothin' more comin', no, no

Mama's gonna bargain with the ol' cook pot  
Try to get more than what that bowler's got  
Don't trim no fat, pull potatoes from a box  
Mama's gonna bargain with the ol' cook pot
