Girl girl girls they dont love me a bit

but they all want a piece of this dick

but my dick and no chewing gum

i always hate leavin but i love to cum

and now let me pop one on your belly button some

ima in a drillin to rush like jumpin off a cliff

when i land i got layin in the bed like this

you never seen something quite like it

keep an eye on your girl cause im additted to (bitch)

ima wolf in sheeps clothes but i steal curl toes

and freak hoes and all they say is

(can i get some love?)

then i hit em with a serious
