Cities wait.
The heroes are on the ways
Night and days,
No meetings wits your waits

What are you waiting for
If you can't breathe any more
Get out this fucking hole,
And join the war, join the war
Fight! All the same black or white
Fight! All the same day or night
Fight! All the same need to survive
Fight!

Time sleeps.
Shivering lips.
No friends to find.
They never been

What are you waiting for
If you can't breathe any more
Get out this fucking hole,
And join the war, join the war
Fight! All the same black or white
Fight! All the same day or night

Fight! All the same need to survive
Fight!

Taking no prisoners
No mercy, no fate.
Lights go down.
Always to late
It's the end,
Can't comprehend.
The scene of violence
Running goes dead

What are you waiting for
If you can't breathe any more
Get out this fucking hole,
And join the war, enjoy of the war

Fight! All the same black or white
Fight! All the same day or night
Fight! All the same need to survive
Fight!

Fight! All the same black or white
Fight! All the same day or night
Fight! All the same need to survive
Fight!
