Hauntings  
Are they dreams?  
Nightmares  
So they seem

father's soul lingers  
In the light you must go in

Restless Spirits in a realm of two worlds in between  
father, can you see the lights? The energy?

Enter the gate  
Your farthest descent was your mental demise  
Your father's prayer in the night  
Buried  
In our sight - flames  
Bitter Soul  
Blamed  
Hate  
In our sight - flames  
Your buried and our soul is in flames  
Hate - fate
