### "The Bataan Death March"

Thousands have died on the path  
Marched from Marveles on The Bataan  
Soldiers malnourished and weak  
for 6 days their coverage has peaked  
fallen and Beaten they try their hardest to stay alive  
Watching your comrades now die  
You fate is not yours to decide

If others say, our war is our shame  
We're now the enemy  
Why are we hear?

If others say, this war helped save a nation that is now  
free  
Why keep us here?

Into the march of insanity  
Thousands of soldiers lost lives  
Abandoned by our own government  
Serving a nation of lies  
Where was the rescue as we wait for death  
Discouraged, your faith you deny  
The final breath of the soldier is now  
We are running out of time
