Insolence - inside are your sins
In silence - inside you're seen
In a way - Inside you'll sense
In Solace - Inside you'll see

This is what it is
We've swallowed all the lies
Souls descend=fear
This is what we fear
We've chosen all the lies
Ignorant and Sincere

Innocence - inside it's nonsense
In no way - inside you process
In old ways - inside your fears
In Science - The facts are clear

This is what it is
We've swallowed all the lies
Souls descend=fear
This is what we fear
We've chosen all the lies
Ignorant and Sincere
