Silently...

I'm analysing the essence of life  
I'm analysing the essence of the void  
Fields of endless emptiness  
Fields of the unknow  
Fields where thousand souls  
Await their harvest

I'm there, awaiting your sleep  
I'm here to suck your thoughts  
I'm analysing the essence of life  
I'm analysing the essence of the void  
We are the priests of emptiness  
Bringer of illusions  
The harvesters of dreams

Silently...

I break the wall surrounding your thoughts  
I suck your dreams and grow with it  
I came for you as I promised at your birth  
The same way I once promised your mother  
We are the priests of emptiness

I'm there, awaiting your sleep  
I'm here to suck your thoughts  
I'm analysing the essence of life

I'm analysing the essence of the void

I break the wall surrounding your thoughts  
I suck your dreams and grow with it  
I came for you as I promised at your birth  
The same way I once promised your mother  
Fields of endless emptiness  
Fields of the unknown  
Fields where thousand souls  
Await their harvest

We are the priests of emptiness  
Bringer of illusions  
The harvesters of dreams  
We are the priests of emptiness

Bringer of illusions  
The harvesters of dreams

Silently...  
I break the wall surrounding your thoughts  
I suck your dreams and grow with it  
I came for you as I promised at your birth  
The same way I once promised your mother  
We are the priests of emptiness
