

## Duochrome "Lbi"

I've got a new plan  
common and take my hand  
where the sidewalk ends  
LBI begins  
No cats claws  
in their bed  
my new pet  
faux red heads  
will you catch me when I'm falling  
your hair so fair the pinball cares  
In the morning you can wake  
foot so long we sing our song  
I want to know  
I tell you so  
crush of a heavy boy  
Your ears will bleed  
my knees have needs  
here we go back down again  
skies are high, the owl knows why  
buddah's food with old friends  
will you catch me when I'm falling
