Going AA

VERSE

You lied to me, was it something, out of my life
domestic flight.

In every states, i see your face, may take half
my life, i won't turn back.

CHORUS

From east to west, north to south
we're going across America.

Coast to coast, the highway knows
we're going across America.

Jazz and swing, the music sings,
we're going across America.

Rock and blues, my soul approves,
we're going across America.

VERSE

Always in sight, those city lights,
someday i might, stay there one night.
Red white and blue, those are my moods,
which fifty states, hiding you in.

CHORUS

From east to west, north to south,
We're going across America
Coast to coast, the highway knows,
We're going across America
Which town is this town, motown or my town
I'm going across America
Soul and funk, i'm on the hunt
I'm going across America

Chorus

What time is this time, ragtime or fun time,
I'm going across America
Jazz and swing the music sings
I'm going across America
Metal in fusion, swimming in confusion
I'm going across America
Rock and blues, my soul approves
I'm going across America
Lakes and plains, back on the train
I'm going across America
Smokies to the Rockies,

state lines and farmlands
I'm going across America
From east to west,north to south,
We're going across America
Coast to coast,the highway knows,
We're going across America
