To see this land where she has gone  
To never feel again alone  
Eternal darkness embracing my soul  
In cosmic endless cry

I walk the Milk Road where she has left me  
My heart is weeping but eyes remains dry  
And stirring blindly on endless road  
On life spilled blood to silence my cry

I'm creeping through the gloom of mind  
My footsteps seeing by the eyes of Blind  
Awake but asleep forever  
To dream eternal, love together  
Life is freezing in this madness  
Colors flying kills my sadness  
As He dwell in depths of ocean  
Putting life in blurred motion

Awake but asleep forever  
Is this my life or tomb eternal  
I see her kissing me farewell  
I see her eyes in flash of scythe

Now I'll be gone from this mortal world  
It cannot give me nothing but pain and blood  
I don't want to hear how my heart is crying  
To never see my beloved dying  
Star-Dweller I'm coming to reach your realms  
I fought with you but now I'm your prey

Now I'll be gone from this mortal world  
It gives me only pain!

I feel empty I feel blind  
Cold as the stone is my heart  
But bleeding every night without you  
And slowly falling into cold darkness  
This is the end I can't take any more  
I'm leaving now this empty shore  
To meet the Old - One, to reach the stars  
To free my soul and to soothe my heart!

Eternal darkness embracing my soul...

I am leaving now!!!

To meet the Old - One, to reach the stars  
To free my soul and to soothe my heart...

I am leaving now...  
I cannot hold out my immortality...!
