[Mandy:]

It's been running round my head
Running round my head
Try'na find the way
To forget it get it

[Senna:]

Baby it's just too close...
Baby you still too close...

[Bahar:]

Try'na look ahead
Try'na look ahead
Gotta way to go before I can admit it

[Senna:]

Too close...
Baby you still too close...

If you ask me how I feel... I'll say

[Chorus:]

I'm doing good
I'm doing fine

Hoping this smile hides the pain that's inside

I'm doing good
I'm doing fine

Don't ask again I might break down and cry

Am I ever-ever gone forget it
Don't wanna spend my life regretting
I just wanna leave you behind
I'm doing fine fine fine

[Bahar:]

Got me pinned against the wall
Waiting for your call
Better let it ring
Six times before

[Senna:]
I pick it up you too close
Baby you just too close

[Mandy:]
Don't wanna let you see
What's inside of me
Just in case you see the shape of my heart
It's all twisted and broken

If you ask me how I feel... I'll say

[Chorus:]
I'm doing good
I'm doing fine

Hoping this smile hides the pain that's inside

I'm doing good
I'm doing fine

Don't ask again I might break down and cry

Am I ever-ever gone forget it
Don't wanna spend my life regretting
I just wanna leave you behind
I'm doing fine fine fine

Ask me I'll say... I'm doing fine
