Straight out the gate boy right here from the door  
Seen you through the crowd just shining like gold  
Wanted to join you doin'that two step but I waited  
Cause, I saw you were kinda preoccupied  
But she had a problem keepin' your eye  
I had you more focused me movin' my body

Tryna' wait for the song to be over So I can cut in  
between  
Cause she really ain't doin' her thing  
what you need is some of this what I got right here for  
you  
we can be a better team and its all about that time  
you go and tell her just ...

[Chorus]  
Step aside, Step aside  
This one is mine  
If you ain't gonna' handle it  
I'd gladly take him here on the floor  
Step aside, Step aside  
Gimme the Light  
I'm sorry but excuse me miss  
his eyes are sayin' I'm what he wants  
Its only right let me by step aside, side  
Its clear you're the type that comes out to flaunt  
can't help I'm the type To get what I want  
Just came to dance Have a good time not try to be  
shady no  
see the DJ burnin' it up on the floor playin' them joint  
That make me want more hold up the wall if you want,  
but let him go ladyb section

Tryna' wait for the song to be over So I can cut in  
between  
Cause she really ain't doin' her thing  
what you need is some of this what I got right here for  
you  
we can be a better team and its all about that time  
you go and tell her just ...  
[Chorus]

Wish there was nobody else here  
So we could lose it X out the crowd  
make them dissapere there's nothing to it  
Let's start by sending her off to the right  
Let the rest take its place in time boy  
Before the song is over
