Verse 1:

I enter my mind and try to delve
Into the thoughts I felt I knew so well
Seem to get lost
Patterns corrupt
Tainted, and now I don't know where I stand

Rise:

I feel misunderstood
I can't get the message right
Maybe I should trust
But will it rectify
The troubles that I have
Are interfering with my life
Now I'm bout to cross
The invisible line

Pre-Chorus:

Who's right
My life
Through time
I'll fight

Chorus:

(I ain't gonna say
What the want
What they want)

People always say what they want
Never ending up with they need
Not like me

People always say what they want
I never get a chance to speak
They think I'm weak

People always say what they want
Always find a way to hate
Big mistake

(I ain't gonna say what they want
What they want

I ain't gonna say what they want
What they want)

Verse 2:

I'm willing to fall, as long as I know
That it's due to my own decisions
Don't have a say
Locked and away
Yes it is me whose fronting the picture

Rise:

There ain't nothing worse
Than to feel so unalive
If they'd put me first
Then I wouldn't live a lie
I ain't gonna lose
If I wanna move on
Tell me if you're with me
Or you'd better be gone

Pre-Chorus:

Who's right
My life
Through time
I'll fight

Chorus:

(I ain't gonna say what the want
What they want)

People always say what they want
Never ending up with they need
Not like me

People always say what they want
I never get a chance to speak
They think I'm weak

People always say what they want
Always find a way to hate
Big mistake

(I ain't gonna say what they want
What they want
I ain't gonna say what they want
What they want)

Middle 8:

Picking myself up off the ground
You think I'm lost
But now I'm found
I can still accept your help
I am stronger now
Than I've ever felt

Repeat Chorus x 2
