

Diminished "Chainsaw Cunt"

Visit "[Chainsaw Cunt](#)" on MotoLyrics.com

Sticking the chainsaw in her cunt
Pounding her pussy grinding her guts
Molesting her body with my saw
Leaving your body dead and marled
(Stick the chainsaw in her cunt)
Try to run but you I'll find
Your sweet vagina is on my mind
Scream for god as I corner you
I can't wait to get deep in you
Stick the chainsaw deep within
Ripping and tearing your vagina skin
Our foreplay is with a knife
Come on baby I know you'll like
Chainsaw
Pull my chord to start my saw
Keep on screaming no one hears your call
Cunt
Upon insertion you scream in pain
My sexual pleasure gained
Try to fight but deep down I know you like
(Chorus)
Now your bent spread open wide
Grinding your cunt from behind
My saw submerged in your snatch
Pounding so hard I broke your back
Scream in pain but I know its pleasure
I'm the biggest piece you measured
Even though you're dead I keep thrusting
From your vaginal skin my saw is rusting
(Chorus)
