Horror stains my sanity
Ascend into sovereignty
Annihilate those weaker than me
Survive if I let them be
Loyal to a false nation
Kill with no hesitation
Storming the opposition
Impaled those resist
Grotesquely Butchered on the frontlines
Justify to crucify a nation
All for the loyalty (Innocent war fatalities)
Produced by depravity (the war is still gone but Iâ€™m still he)
A soldier left with no mission
Vile impudence has pledged me
I Canâ€™t Stop Killing the Weak Beings
In disgust youâ€™re cleanse a must
Reflection of the horror to be
Images that stain my sanity
Emboweled by my hate for thee
Donâ€™t be a hero die a coward
Violently tearing your anatomy I endeavor
Donâ€™t be a hero die a coward
The war is still gone but (Iâ€™m Still He)
