As bliss is torn from hazed eye -  
demonic laughter resounds -  
in cruel comfort -  
the candle breathes its last -  
no shades of sorrow -  
no parting graces -  
a grim enclosure of -  
antagonizing memory -  
no one must crawl behind these eyes again -  
no one must crawl inside to snake this spine -  
no one must crawl behind these eyes again -  
no one must breathe the serpent sweet caress -

the ruination of the innocent -  
the heartless lure of vacant faces -  
and still I forge the chain that binds me -  
as sure as winter - winter -  
the scalpel incises the vibrant skin -  
flesh parts -  
enraptured as the purge begins -  
and for a second the blindness is lifted -  
as sure as nightfall -  
nightfall -  
no shades of sorrow -  
no parting graces
