This is a start
My heart has never felt this way before
This is a start
My heart has never felt this way before
The weather's washed me up on shore
And now I'm sure I love you for
Chorus:
Everything
Everything
Everything
You know I'm yours
Everything
Everything
Everything
You know that you're my heart
So come on love and lift me up
Hold me up
Don't stand me up
So come on love and lift me up
Hold me up
Don't stand me up
And more and more and more and more
I know I'm sure I love you for
(Chorus)
And all I know is that you're good for me
And you believe in me
And that is all I need
(Chorus)
