Take, every reason that you made
You know its over
If you, can't change your ways for me
This won't take longer

Don't you wait
'Til I can't breathe
Soon your name
Will be free

Don't pretend
That you know me
The only thing
That you ever knew
All these things
That you told me
Resonate
Deep inside of me

Now, every reason that you made
Has made us crumble
If you, can't separate the truth
For us to hold on

Don't you wait
'Til I can't breathe
Soon your name
Will be free

Don't pretend
That you know me
The only thing
That you ever knew
All these things
That you told me
Resonate
Deep inside of me

And now that the truth has been told
I can finally breath again

And now that the truth has been told

I can finally breath again

Don't pretend
That you know me
The only thing
That you ever knew
All these things
That you told me
Resonate
Deep inside of me
