Sins and lust take over you
Now your lies take over me
Now you got what you wanted
I see that you are happy

Lies against my dreams
You know I hate it
When you're close to me
I'm suffocating
Your lies against my dreams
I'm instigating
You will see

Nothing is perfect

Anger now takes over me
Your end now lays in my hands
You will get what you deserve
You asked for it, you fucking bitch.

Lies against my dreams
You know I hate it
When you're close to me
I'm suffocating
Your lies against my dreams
I'm instigating
You will see

Nothing is perfect

Die

Lies against my dreams
You know I hate it
When you're close to me
I'm suffocating
Your lies against my dreams
I'm instigating
You will see

Your lies against my dreams
You know I hate it

Your lies against my dreams
I'm suffocating
Your lies against my dreams
I'm instigating

You will see
