Take away
All the light
The Firefly
I will find
Take your prayers
To the night
One more time
We say good-bye

We burn down what remains
Everything incinerates
I take back what you said
Nothing matters in the end
Solitude will decade
Nothing ever elevates
I'm not a falling victim
But the fire inside me

So take away all the light
Rest in peace tonight we fly
Take your prayers to the night
One more time we say good-bye

Walk away
The silent night
Rearrange
Our deepest lies
You're the sinner
For the light
Our deepest thought
Will decline

We burn down what remains
Everything incinerates
I take back what you said
Nothing matters in the end
Solitude will decade
Nothing ever elevates
I'm not a falling victim
But the fire inside me

So take away all the light

Rest in peace tonight we fly
Take your prayers to the night
One more time we say good-bye

So take away all the light
Rest in peace tonight we fly
Take your prayers to the night
One more time we say good-bye
