Whattup baby? It's ya girl Sunny
Hot 97, a.k.a. the Drama Queen
Hangin' out with the Drama King himself
KaySlay, 'Streetsweeper Volume 2'

Lil' somethin' for the ladies right now
No, drama involved, real sexy
Celebrity Love, let's go

Let's do it in the mornin', let's do it all through the night
I wanna feel your sweet face, I wanna feel it next to
mine
I love it when you, hold me, my body can't refuse
It's the way you make me feel when I'm in love, let's do
it again

Don't wanna ride in your Six tonight
I don't want you to trick tonight
You ain't gotta pop Cris' tonight
I don't care what's on your wrist tonight

I just want you to get me right, hit me right
I always take care of my baby boy
Lay you back on that Laz-E-Boy
You get me wet like the Navy boy, goin' crazy boy?

Twist Lala, come through, blaze me boy?
Feel my foreplay all day
Let's role play, I'll be the French maid
Or the stewardess, jeans fit like no one is

Ride and won't move a inch 'til you can't move and shit
Homie, I miss the way that you kiss and hold me
How you put it on me, never leave me lonely
Yeah, I want it tonight, I want it all night
I want it from him, I wanna do it again

Let's do it in the mornin', let's do it all through the night
I wanna feel your sweet face, I wanna feel it next to

mine
I love it when you, hold me, my body can't refuse
It's the way you make me feel when I'm in love, let's do
it again

You know I'm starin' in the mirror just thinkin' 'bout you
About the, things you say and things that you do
Like when we, on the phone or we, home alone
And ya, touch that spot that always, makes me moan

You got that energy baby Tiffany can't refuse
And I don't know, how the hell I can live without ya?
You make me happy when you leave little, notes
around
And I know you sincere by the way that you sound

Like when I call ya in the mornin' and you wake up and
ya yawnin'
But your baby's on the line and it sounds like she's
been cryin'
Then you arrive with your arms open wide
Uhh, that's how I know, everythin's aight

And I love it when you kissin' me, holdin' and caressin'
me
Slowly undressin' me and slidin' ever so gently
Damn, I'm in love and I'm head, over heels
For a man, that's a man and knows how, I should feel
f'real

Let's do it in the mornin', let's do it all through the night
I wanna feel your sweet face, I wanna feel it next to
mine
I love it when you, hold me, my body can't refuse
It's the way you make me feel when I'm in love, let's do
it again

I'ma be honest y'all, check it
I never been in love before baby this is all new to me
It's more than the sex, it's the little things you do for
me
Like he makes me laugh when I really wanna cry

And he even helped a bitch stop gettin' high
And gave me the down payment on my first whip
Then I crashed it a week later, he ain't even trip
I said he like the way I lick my lips and now he's sprung

And them other chicks is just too, dum-ditty dumb
dumb
See, he's my number one fan and I'm his CO-D

We Mickey and Mallory, BeyoncÃ© and Jay-Z
'Crazy in Love' in the back of the club

With the, Drama King and a couple of thugs
Here's a, toast to us, they wanna get, close to us
'Me and my boyfriend' Dangerous
From the 'Windows to the walls', my 'Milkshake is
Magic'
We gon' 'Do it Again', 'cause baby, gotta have it

Let's do it in the mornin', let's do it all through the night
I wanna feel your sweet face, I wanna feel it next to
mine
I love it when you, hold me, my body can't refuse
It's the way you make me feel when I'm in love, let's do
it again
