Enter now the lions den  
It's long past due that we begin  
I have longed for you afar  
Love sacrificace in my backyard

I had seen beyond my gaze  
And I have gazed beyond today  
And their lust shall build a world  
Is what the prophets have to say

In this world where I am king  
The atoms roar and strange love sings  
All the jewels that one can bring  
Mutant rags and big TV

Service now, the mushroom boy  
Come to me now, by my side  
And if you don't want to play  
Then I'm afraid, you'll have to cry

'Cause I can fry you with my eyes  
I can blow you to kingdom come  
I can take all the friends away

I've got mushroom clouds in my hands  
And a place in my head for you  
Better come to the throne today

There's a line inside my head  
I dance at night before bed  
But I never took the ride  
To the silo shed, on the other side

Service now, the mushroom boy  
Or at lest come to a show  
Just one lick upon my thoughts  
Or both our worlds will have to go

'Cause I can fry you with my eyes  
I can blow you to kingdom come  
I can take all the friends away

I've got mushroom clouds in my hands  
And a place in my head for you  
Better come to the throne today

I'm just not quite right today  
I'm just not quite right today  
I'm just not quite right today
